

ORAL PRESENTATION GUIDELINES

Please check your symposia topic in the final program overview to find your presenting time.

All presentations must be uploaded and tested.

The presenters should deliver presentation files at the Session Chair desk at least 1 hour before the afternoon session, or the day before the morning session.

We remind you that the speaking time is strictly limited, and that Chairs are instructed to ensure that this is respected.

PRESENTATION GUIDELINES

Each presentation has to be in landscape format 16/9 (to be set up in the layout tab).

Your presentation should be named as: lastname_firstname.ppt

Only presentations for PCs (Windows latest versions) and PC-compatible presentations will be accepted (no UNIX). To avoid problems of compatibility between PCs and MAC, please use fonts common to both PCs and MAC.
